FINANCE

St. Jude Financial Update, Part II.

A big expense is coming for St. Jude in the near future -- we need a new roof. It is needed over all 4 parts of our building. The 4 parts are

\* over the classroom building,

\* over the original building (now the Fellowship Hall),

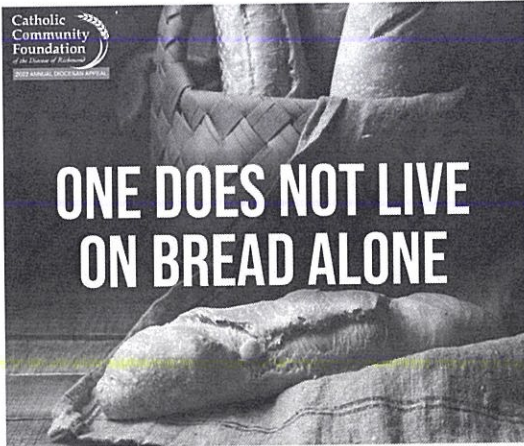

\* over the sanctuary, which has not been replaced since it was built, and the troublesome flat roof part that connects the other three buildings.

The Finance Council and Father Romy think it is best that we have all parts done at one time by the same contractor. Preliminary estimates so far put the price tag at around \$70,000 and up.

This project is not in our budget because it came to our attention several months after we had submitted our annual budget for Fiscal Year 2021-22 to the Diocese on May 15, 2021. As you know, we have a separate Repair & Maintenance collection every second Sunday of the month, and that money goes into a separate checking account. That account is used to pay for items in the "Facilities" part of our budget, such as grounds maintenance, cleaning services, service contracts for pest control and for a/c servicing, and miscellaneous repairs and supplies for the church and the rectory. When you look at the bulletin for Repair and Maintenance YTD collections, it shows them running over budget by over \$2,500. But that is misleading because that figure includes a one-time anonymous gift of over \$8,500 in December 2021. (Thank you to the unknown giver!) Without that one gift, we would be running about \$6,000 below budget.

Because our entire Repair and Maintenance budgeted income is only \$20,000, paying for the roof will have to be considered separately as a special one-time expense. We plan to pay for part of this roofing project with money that is in the two checking accounts. ...To be continued next week.
